Title: SYSTEM FOR USING CHANNEL AND
EVENT OVERLAYS FOR EVOKING CHANNEL
AND EVENT RELATED FUNCTIONS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

TELEPHONE INTERVIEW SUMMARY

Sir:

On Thursday, June 7, 2007 applicant's undersigned representative called Examiner Bui on the telephone to request an in-person interview in the application to discuss differences between the pending claims and the patents relied upon in the pending §103 rejection. In particular, a discussion is needed to clarify the difference between a control on a display for a "programming function related to the at least one channel" as recited in the claims, and information related to a television program as shown in the art relied upon in the pending Office Action. This distinction is discussed in greater detail in the Amendment

accompanying this paper (see, for example, the discussion at pages 12-14 in the Remarks of the present Amendment).

The request for an In-person Interview was denied because of the finality of the pending rejection. However, it is respectfully submitted that the final rejection cannot properly be maintained since the claim terms (or the applied art) are apparently being misinterpreted.

It is respectfully submitted that the application is in condition for allowance. However, in the event there are any unresolved issues, the Examiner is kindly invited to contact applicant's representative, Scott Richardson, by telephone at (571) 748-4765 so that such issues may be resolved as expeditiously as possible.

Respectfully submitted,

A handwritten signature in black ink that reads "Scott Charles Richardson". The signature is written in a cursive, flowing style.
